

CONDITIONAL APPROVAL

The signature below approves the following:

- 1) The expenditure of \$45,000,000 for all [recommended land acquisition projects](#) in Clark County and for the Ballardini and McCarran Ranches in Washoe and Storey Counties, Nevada; \$24,005,114 for capital improvements; and \$39,811,765 for the development of parks, trails, and natural areas in cooperation with local governments in Southern Nevada.
- 2) From the \$45,000,000 approved for land acquisitions, expenditure of up to \$2,000,000 to acquire the surface water rights associated with the Casey Ranch (approved in Round 1) and the expenditure of the amount required to complete all remaining Round 2 land acquisitions. In order to cover the difference between actual costs and estimated costs, the budgets may be extended by up to 10% without additional approval (if funding is available). These amounts are in addition to the amounts approved for each category in Rounds 1 and 2. Any amount not required to complete the land acquisitions and projects approved in Rounds 1 and 2 will be available in the same expenditure category for Round 3.
- 3) The balance of \$8,900,000 available for land acquisitions in Round 3 will be held pending the completion of another 30-day period seeking nominations for proposed land acquisitions in Clark County, Nevada. At the conclusion of this nomination period, the SNPLMA Executive Committee is directed to review any new nomination, along with previously nominated parcels, and provide recommendations to the Secretaries of Agriculture and Interior for their consideration in approving final allocation of the \$8,900,000. Emphasis will be given to land acquisitions in Clark County consistent with the intent of the Act.
- 4) Task orders for approved capital improvement projects and park, trails, and natural areas will be issued by the Bureau of Land Management's Las Vegas Field Office in the order presented in the attached tables, based upon the availability of funds and in accordance with the *SNPLMA Implementation Agreement*.
- 5) The establishment of a reserve account in the amount of \$5,000,000, to be expended at the direction of the SNPLMA Executive Committee where special circumstances dictate and in accordance with the allowable expenditure authorized by the Act.

Gale A. Norton
Secretary of the Interior
